Dear 3ABN Canada Supporter,

We are pleased to share the latest updates on the work God has done through 3ABN Canada during the past quarter. Your continued support plays a vital role in making this ministry possible, and we are deeply grateful for your generosity and commitment.

May God richly bless you!

Linda in her home office where she leads ZOOM Bible studies.

Linda Ellenchuk in Grand Forks, BC Shares:

"My name is Linda and some time back I prayed and ask for the opportunity to give Bible studies and forgot about that prayer.

But when Craig and Dawna Cleveland came to our church in Grand Forks to share with us about Bible studies, they were having a 6-week training to study the Bible with people that called in for studies.

This was all new and so I thought this would be good for me because learning to study was just what I needed."

Linda goes on to tell of studying with a young man from Zimbabwe who is a bio-engineering student in Turkey. Interestingly, he says that he is studying how to engineer viruses and also how to develop chips to insert in humans for identification.

How he came to sign up for our studies in Canada, remains a mystery, but, he loves studying the BIBLE! The connection is often spotty, and he speaks very fast with a heavy accent, but he is very bright and eager to learn! Every study is a privilege and he loves what he is learning.

Linda also studies with an older Canadian woman who is immensely enjoying their time in God's Word. Linda says, "It is such a joy to be able to share and learn about God's future plans for this world."

3ABN World Rally | April 19, 2025

3ABN Canada was privileged to join the 3ABN world team at a 3ABN world rally in Toronto, Ontario at the Pilipino SDA Church for a weekend packed full of inspiring testimonies and soul moving stories!

To watch the rally online visit this link: <https://trnk.me/3abnc-rally-2025>

Here we are with the world team and the local church backstage team who provided children's programs live stream, audio, and meals... This is Friday night. Welcome with just the local church support team.

Eric Folks in Nanaimo, BC shares:

“Craig and Dawna Cleveland approached me to take some Bible studies that 3ABN Canada social media and door-to-door work brought in and I couldn’t be more grateful for that.

I had the opportunity to study with a man named Junior that went through the entire series and accepted the Three Angels’ Messages!

It is a great honour and joy to see others excited for God’s word and come to a greater knowledge of Him. Even better, Junior is faithfully attending the SDA Church near him in Ontario!

All for God's glory!”

Craig and Dawna Share:

One of our study contacts who is very eager to be baptized and has been through our entire series and has continued in other studies with us will travel to Geneva for a 2-month visit with his twin brother and his family, and also a visit with their cousin—but Pastor Remy Balais, from Montreal, studied at our Adventist school in Geneva and has arranged for a fellow pastor there to meet our contact and take him to church in Geneva and for a tour of our school and church offices there!

Our study contact was most excited about these kind arrangements because he can invite this pastor to his brother’s home. He is so eager to introduce his brother to Jesus and an Adventist Pastor! Praise God!

A graphic of a 'Bible Alive!' mass-mailing card. The card is red and white with the text 'BIBLE Alive!' in large letters. It includes a form with fields for Name, Email, Phone, and Time Zone, and a checkbox for 'MAIL THIS CARD'. At the bottom, it says 'Sign up TODAY at biblealive.ca'.

10,000 BIBLE ALIVE CARDS MASS-MAILED!

Our best way to find Bible Study interests has been to run ads on Social Media and in our broadcasts. But we have just run an experiment of adding mass-mail outs. We chose the towns of Sarnia, Ontario; Smoky Lake, Alberta; and Nanaimo, BC for the mail-outs and we also heavily advertised in those areas with extra social media ads for 10 days around the time of the mail-outs. We are praying that God will lead us to many more interested souls that our team can study with!

Literature Distribution:

We are excited to be gifting thousands of copies of our special 3ABN Canada edition of The Great Controversy with the Calgary Central SDA Church for a distribution in May with a much larger city-wide distribution planned to share 50,000 copies in September. Streams of Light is coordinating this event.

You may want to stock up on truth-filled books, yourself! Please give us a call or send us an email.

David is a faithful soul-winner in Alberta and BC who often calls to pray with us, tell us exciting soul-winning stories and to ask for more supplies. He shares:

"Thanks 3ABN Canada for all the help you are giving me by providing me with books for my work in literature evangelism. It is helping me to help others. Pictured here is my new friend Teresa who works in Prince George, reaching out to street people, people in jail, and Indigenous people. She is always in need of truth filled books that we have and I was able to give her some today. God is really working through these truth filled books we have."

New Canadian Programming!

As we work to expand our reach in broadcasting the Three Angels' Messages across Canada, we believe that featuring health programs will be the best step forward.

God spoke through Ellen White in The Three Angels' Messages, pg. 180.1:

"Again and again I have been instructed that the medical missionary work is to bear the same relation to the work of the third angel's message that the arm and hand bear to the body."

Our dream is to run a interactive call-in broadcast that would also stream live on Internet-based platforms such as YouTube and Facebook in addition to our broadcasts. This program will have a vibrant, health-curious coach and feature various guest health professionals and take live calls for an hour a week. This is a dream that we are working hard on. We have made several trips to meet key Adventist health and lifestyle professionals and found them eager to be in our new programs. We will soon be in the Toronto area for more such meetings and look forward to taking our idea to professionals at the upcoming Lifestyle Medicine and Flourishing Symposium to be held at Burman University.

God bless, and THANK YOU for your support!
